Table of Contents

Rate Schedules (Abbreviated)	1
Schedule 1: Overhead Service	2
Schedule 2: Underground Service	2
Schedule 3: General Service	3
Schedule 4: Street & Highway Lighting	4
Schedule 5: Area Lighting Service	5
Schedule 5: Area Lighting Service (continued)	6
Schedule 5(a): Area Lighting Service	7
Schedule 6: Cogeneration & Small Power Production Rate	8
Schedule 7: New Large Single Load	9
Schedule 8: New Large Load	10

Rate Schedules (Abbreviated)

Schedule 1: Residential Service (Overhead)

Schedule 2: Residential Service (Underground)

Applies to usage at a single-family dwelling, separately metered single-family apartment, mobile home, and general farm use when combined with residential use and supplied through the same meter.

Basic Charge Monthly Per Meter.....	\$20.00
Energy Charge.....	7.55¢ per kWh

Schedule 3: General Service

Applies to all commercial and non-residential members.

Basic Charge Monthly Per Meter:	
No Demand Meter.....	\$35.00
Demand Meter.....	\$42.00
Demand Charge:	
First 50 kW.....	No Charge
Over 50 kW.....	\$10.00 per kW
Energy Charge:	
First 3,000 kWh.....	7.57¢ per kWh
Next 17,000 kWh.....	6.81¢ per kWh
Next 710,000 kWh.....	5.20¢ per kWh
Over 730,000 kWh.....	4.10¢ per kWh

Schedule 4: Street & Highway Lighting

Applies to lighting for public streets, highways, and public grounds and areas.

Schedule 5: Area Lighting (New)

Applies to outdoor lighting usage.

Schedule 5a: Area Lighting (Pre-Existing)

Applies to outdoor lighting usage.

Schedule 6: Cogeneration & Small Power Production

Applies to cogeneration and small power production.

Schedule 7: New Large Single Load

Applies to members who place a new or increased load of more than ten average megawatts on Salem Electric in any twelve-month period.

Schedule 8: New Large Load

Applies to members who place a new or increased load of more than one average megawatt and less than ten average megawatts on Salem Electric in any consecutive twelve-month period.

Rules & Regulations

Service and rates under all classifications are subject to present and future rules and regulations of Salem Electric.

Residential Rate

Schedule 1: Overhead Service

Schedule 2: Underground Service

Effective 10/01/19

Applicable

Applicable to domestic use of all residential members. Service under the Residential Rate applies only to electric service in a single-family house, separately metered single-family apartment, mobile home, and to general farm use when combined with residential use and supplied through the same meter. Private dwellings in which space is occasionally used for the conduct of business by a person residing therein will be served under the Residential Rate. Where a portion of a dwelling is used regularly for the conduct of business, the electricity consumed in that portion so used will be separately metered and billed under the General Service Rate. If separate circuits are not provided by the member, the entire premises shall be classified as non-residential and billed accordingly. The Residential Rate does not apply to service for institutions such as clubs, fraternities, or homes recognized as rooming or boarding houses; the space in an apartment or other residential building primarily devoted to use as an office or studio for professional or other gainful purposes.

Monthly Rate

Basic Charge Per Meter	\$20.00
Energy Charge	7.55¢ per kWh

Delivery Point

The above rates are based on the supply of service through a single delivery and metering point and at a single voltage. Separate supply for the same member at other points of consumption, or at a different voltage, will be separately metered and billed.

Rules & Regulations

Service and rates under these classifications are subject to present and future rules and regulations of Salem Electric.

General Service Rate

Schedule 3: General Service

Effective 10/01/19

Applicable

Applicable to all commercial and non-residential members; energy supplied under this schedule will not be sub-metered for resale or resold to others.

Monthly Rate

Basic Charge per meter:

No Demand Meter\$35.00

Demand Meter\$42.00

Demand Charge:

First 50 kW No Charge

Over 50 kW \$10.00 per kW

Energy Charge:

First 3,000 kWh 7.57¢ per kWh

Next 17,000 kWh 6.81¢ per kWh

Next 710,000 kWh 5.20¢ per kWh

Over 730,000 kWh 4.10¢ per kWh

Whenever Salem Electric deems it necessary to protect its interests, and whenever it should prove mutually advisable, Salem Electric may establish either a monthly or annual minimum bill, based on the investment required to serve a particular member. It is contemplated that charges for electric service will be sufficient in all instances to recover the cost of investment.

Adjustment of Demand Charge for Power Factor

The demand charge shall be increased 1% for each 1%, or major fraction thereof, by which the average power factor is less than 95%, lagging.

Determination of Demand

Demand measurement will be made by suitable instruments at the point of delivery. Demand for any month will be defined as the average kilowatt delivery during the 15-minute period in which the consumption of energy is the greatest during the month for which determination is made.

Rules & Regulations

Service and rates under this classification are subject to the present and future rules and regulations of Salem Electric.

Street & Highway Lighting

Schedule 4: Street & Highway Lighting

Effective 10/01/15

Applicable

Applicable to lighting for public streets, highways, and public grounds and areas, supplied to municipalities or agencies of federal, state or local government where funds for payment for electrical service are provided through taxation or assessment.

241-280 LED	126	\$23.66	
281-320 LED	127	\$26.86	

If a pole new pole is required, Salem Electric will install such pole and the monthly rate will be:

Wood Pole (01).....	\$2.00
Steel Pole (04).....	\$8.60
Ornamental Pole (03).....	\$3.85

Conditions of Service

From dusk to dawn daily, controlled by light sensitive relay or other device at Salem Electric's option.

Rules & Regulations

Service and rates under this classification are subject to present and future rules and regulations of Salem Electric.

NOTE: For member-owned HID light, maintenance is limited to relamping, cleaning, and P.E. cell replacement.

Area Lighting Service

Schedule 5: Area Lighting Service

Effective 10/01/15

Applicable

Applicable to all members for dusk to dawn outdoor lighting where service is available under existing line extension policies.

Monthly Rates

Salem Electric owns, maintains and provides energy.			Salem Electric owns and maintains; member provides energy.*

241-280 LED FL	147	\$21.00			
281-320 LED FL	148	\$22.30			

Conditions of Service

Salem Electric will furnish, install, operate, and maintain the lighting installation at a mutually-agreeable location. Individual lamps will be replaced on burnout as soon as reasonably possible after notification by the member, during the normal work week, and at no additional charge to the member.

If a pole other than an existing pole is required, Salem Electric will install such pole and the monthly rate per pole will be:

Wood Pole (01)	\$2.00
Steel Pole (04)	\$8.60
Ornamental Pole (03)	\$3.85

The complete lighting installation will remain the property of Salem Electric. The member will protect the lighting equipment from deliberate damage and allow Salem Electric free access to maintain and inspect the equipment.

Area Lighting Service

Schedule 5: Area Lighting Service (continued)

Effective 10/01/15

Minimum Charges

The minimum monthly charge will be the applicable monthly charge for the installation.

Contract Requirements

Property owners must sign a lighting contract but the charges may be billed to tenants. Members under this rate will be required to execute a contract for a minimum term sufficient to allow Salem Electric to recover the cost of investment.

Rules & Regulations

Service and rates under this classification are subject to present and future rules and regulations of Salem Electric.

Area Lighting Service

Schedule 5(a): Area Lighting Service

(MV Lamp Not Available for New Service)

Effective 10/01/15

Applicable

Applicable to all members for dusk to dawn outdoor lighting where service is available under existing line extension policies.

Rates

**Salem Electric owns, maintains
and provides energy.**

Lamp	Code	Amount
175 MV FL	10	\$12.46
250 MV FL	11	\$13.75
400 MV FL	12	\$25.67

Conditions of Service

Salem Electric will furnish, install, operate, and maintain the lighting installation at a mutually-agreeable location. Individual lamps will be replaced on burnout, as soon as reasonably possible after notification by the member, during the normal work week, and at no additional charge to the member.

If a pole other than an existing pole is required, Salem Electric will install such pole and the monthly rate per pole will be:

Wood Pole (01).....	\$2.00

Ornamental Pole (03).....	\$3.85

The complete lighting installation will remain the property of Salem Electric. The member will protect the lighting equipment from deliberate damage and allow Salem Electric free access to maintain and inspect the equipment.

Minimum Charges

The minimum charge will be the applicable monthly charge for the installation.

Contract Requirements

Property owners must sign a lighting contract but the charges may be billed to tenants. Members under this rate will be required to execute a contract for a minimum term sufficient to allow Salem Electric to recover the cost of investment.

Rules & Regulations

Service and rates under this classification are subject to present and future rules and regulations of Salem Electric.

Cogeneration & Small Power Production Rate

Schedule 6: Cogeneration & Small Power Production Rate

Effective 10/01/19

Applicable

Applies to cogeneration and small power production.

Cogeneration (see Salem Electric Service Policies)

SE may purchase power from qualifying cogeneration and small power production facilities at SE's avoided cost. At such time as SE purchases Tier 2 power, SE's avoided cost will be recalculated.

New Large Single Loads

Schedule 7: New Large Single Load

Effective 09/01/91

Applicable

Applies to any member who places a new or increased load on Salem Electric in any twelve-month period of more than ten average megawatts (87.6 million kilowatt-hours).

Rates for Purchase

The rate for any New Large Single Load will be equal to the General Service Rate of general applicability, plus the difference between the charge to Salem Electric from the Bonneville Power Administration for the capacity and energy service, including losses, to a New Large Single Load and the charge which would apply if Salem Electric could obtain power to serve the New Large Single Load at the Bonneville Power Administration's Priority Firm Rate. In computing these amounts, a loss factor of 2% shall apply to any member taking delivery at 34.5 kilovolts or above, and a loss factor of 4% shall apply to any member taking delivery at lower voltages.

New Large Load

Schedule 8: New Large Load

Effective 03/20/13

Applicable

Applies to any member who places a new or increased load on Salem Electric in any consecutive twelve-month period of more than one and less than ten average megawatts.

Rates for Purchase

The rate for any New Large Load will be equal to the rate as stated in Schedule 3 – General Service Rate.
