

Habitat Improvement Program: Members Supporting the Environment

Salem Electric provides members the opportunity to improve local native fish and wildlife habitats by participating in the Habitat Improvement Program (HIP). You can sign up for automatic monthly contributions on your Salem Electric bill or mail in a one-time donation.

Contributions are forwarded to the Keizer Heritage Foundation and Friends of West Salem Watersheds. Donations collected in Polk County are assigned to habitat improvements in the Glenn-Gibson Creek Watershed and donations collected from Marion County fund Claggett Creek projects.

If you have any questions, contact us at 503-362-3601 or se@SalemElectric.com.
