

Residential Level 2 Electric Vehicle (EV) Charger Incentive

A \$500 incentive is available for residential Salem Electric members who purchase and install a ChargePoint Home Flex electric vehicle charger. The charger retails for approximately \$699 and will cost residential SE members \$199 after receiving the \$500 incentive.

Eligibility Requirements:

- Must be installed at a residential address that receives electric service from Salem Electric.
- Installation must take place within 60 days of the purchase date.
- Only one incentive per installation address.
- The member must provide the make(s) and model(s) of the electric vehicle associated with the service address.
- The charger must have access to Wi-Fi and the member must acknowledge that Salem Electric will have access to their ChargePoint charging data that will be used to help identify future EV initiatives.
- Installation must be in compliance with applicable local, county, and state code requirements.
- The member must provide a copy of their receipt/invoice.

Steps to purchase and receive a \$500 incentive:

- Submit this EV Charger Eligibility form and a copy of the receipt by email to MemberServices@salemelectric.com or mail to Salem Electric, PO Box 5588, Salem, OR 97304.
- After the form has been received and your eligibility has been verified, Salem Electric will contact you.
- Receive a \$500 incentive once the charger is installed and connected to the Salem Electric ChargePoint account.
